

Transforming School Administration, Academic Excellence & Revenue Growth

SchoolProfit is Nigeria's foremost enterprise educational portal engineered for Nursery, Primary, and Secondary Schools. We unite automated cognitive result computation, AI-driven curriculum planning, hybrid CBT examinations, and automated direct-split school fees collection into one high-performance cloud platform.

WHY LEADING SCHOOLS PARTNER WITH SCHOOLPROFIT

100% Automated Result Computation

Eliminate errors, manual math, and endless spreadsheet headaches. Compute termly scores, weighted continuous assessments (CA1, CA2), exams, grade boundaries, student rankings, and cumulative CGPAs in seconds.

Direct Bank Split-Fee Collection

Stop revenue leakage and bad school fee debts. Parents pay directly via automated virtual accounts, cards, or bank transfer (powered by Paystack & Wema Bank). Funds settle instantly in your school's bank account with zero manual reconciliation.

AI Teacher Assistant & Lesson Planner

Empower your teaching staff with artificial intelligence. Auto-generate standard NERDC-aligned Schemes of Work, weekly lesson plans, instructional objectives, and classroom quizzes in under 30 seconds.

Hybrid CBT Engine (Online & LAN Offline)

Conduct seamless Computer-Based Tests without internet vulnerabilities. Run exams in cloud mode or deploy on a local offline school server with instant scoring and automatic push to termly report cards.

COMPLETE DEPLOYMENT

Zero Technical Burden for School Leaders:

Our dedicated onboarding team imports all your students, classes, arms, and grading schemes so your school becomes fully operational within 24 hours without server installations or expensive hardware investments.

☐ Comprehensive Academic Result Engine

- **Broadsheet Generator:** 1-click comprehensive broadsheets with class rankings, highest/lowest scores, subject averages, and positions.
- **Custom Report Card Designer:** Branded report sheets featuring your school logo, watermarks, principal digital signature, and stamps.
- **Domain Assessments:** Built-in 5-point rating scales for Psychomotor skills and Affective behavioral traits.
- **Parent Scratch Card / PIN Portal:** Secure online student result checking portal with optional PIN protection.

☐ Automated Split Billing & Debt Recovery

- **Direct Bank Settlement:** Parent payments settle directly into your school's account via Wema Bank & Paystack.
- **Automated Invoicing:** Termly digital invoices, installment tracking, balance reminders, and instant tamper-proof receipts.
- **Student-Level Access Control:** Automatically restrict termly report card downloads for uncleared fee balances without affecting school administration.
- **Zero Reconciliation Stress:** Real-time Bursary dashboard with daily payment audits and exportable financial reports.

☐ AI Teacher Assistant & Curriculum Engine

- **Instant Scheme of Work:** AI generates full 12-week structured schemes for any subject and grade in seconds.
- **Smart Lesson Note Generator:** Formats detailed lesson notes complete with instructional materials, teacher activities, and evaluation guides.
- **Note-to-Exam Synthesis:** Upload a teacher note or lesson topic, and AI automatically creates balanced objective & theory questions.
- **Multi-Curriculum Support:** Pre-configured for Nigerian National Curriculum, British, and blended international syllabi.

☐ WhatsApp Automation & SMS Broadcasts

- **Direct Result Delivery:** Push student results and PDF report sheets directly to parents' WhatsApp numbers.
- **Automated Fee Reminders:** Send polite, automated WhatsApp fee notices containing 1-click payment links.
- **Attendance Notifications:** Notify parents instantly on WhatsApp when their child arrives or is absent from school.
- **Targeted School Broadcasts:** Reach specific classes, arms, or all parents simultaneously with zero deliverability issues.

OPERATIONAL & SECURITY HIGHLIGHTS

☐ QR & Biometric Attendance

Geofenced QR-code scanning and biometric clock-in for staff and students. Enforces punctuality and generates monthly attendance logs.

☐ Custom School Domain

Brand your portal with your own unique domain (e.g. *portal.yourschool.com*) complete with automatic free SSL security certificates.

☐ Multi-Role Security

Granular permissions for Admins, Principals, Teachers, Bursars, Exam Officers, and Parents. Complete audit trails on every financial action.

DUAL-ENGINE COMPUTER BASED TESTING (CBT)

Online Cloud CBT Mode

- Students take exams, mock tests, and entrance screenings from any browser, laptop, or tablet.
- Supports Single Choice, Multiple Selection, True/False, Fill in the Blanks, and Theory questions.
- Anti-cheat controls: fullscreen lock, tab-switching detection, randomized question ordering, and option shuffling.
- Instant grading and real-time score analytics for teachers.

Local Offline LAN CBT Server

- **Zero Internet Required:** Run large-scale termly exams inside your computer lab without buffering or network failure.
- One-click encrypted bundle download from the cloud to your local computer lab server.
- Instant exam synchronization back to the cloud once network connectivity is restored.
- Protects the school from erratic ISP downtimes during critical exams.

EDITION COMPARISON MATRIX

Feature & Capability	Basic Result Edition	Full CBT + AI Edition
